I am **Malik Hafiz Muhammad Abdul Mannan Sujra**, a passionate Computer Science student at Virtual University, with a strong foundation in both frontend and backend development.

- My expertise includes HTML, CSS, Bootstrap, Tailwind, React, JavaScript, Node.js, Chart.js, MongoDB, Express, and Next.js, all at an intermediate level.
- Currently, I am expanding my knowledge in cutting-edge technologies like Generative AI at Tecrix Academy.
- With a proven track record in web development, I have successfully completed various projects and tackled complex coding challenges.

I am eager to apply my skills in a collaborative environment, contributing to innovative projects while continuing to grow professionally.

I am currently a BS Computer Science student at Virtual University, enhancing my web development skills and learning Generative AI at TEcrix Academy to stay updated with the latest technological advancements.
